

Basic Gathered Swag

9228

20", 22" and 24" Depth

The swag patterns have a range of **30" to 54" wide** and will hang **20", 22", or 24" deep**. **There are no swag alterations beyond these sizes.** A chart is included for windows needing multiple swag sections. Shirring tape makes these swags and jabots easy while maintaining a professional look. You have a choice between the standard jabot and the serpentine jabot. The **standard jabot is 43" deep**, the **serpentine jabot is 37" deep**; both can be extended longer.

Fabric Suggestions: Stay away from bulky fabrics. Soft fabrics are best. The jabots should line with a self or contrast fabric. The swags can be lined with a regular drapery lining.

YARDAGE

With so many different fabric widths and repeats available today, we find it works best if we give you the actual pattern sizes so you can determine how they will fit on your fabric. If your fabric is not as wide as the pattern, you will need to allow more fabric for piecing.

The standard jabot pattern is 35" wide x 46" deep.
The serpentine jabot pattern is 35" wide x 40" deep.
