

TIP OF THE MONTH SEPTEMBER 2005

AN EXAMPLE OF M'FAY DESIGNER'S DIGEST

Window 278

Middle Swags - 9272 pattern is used. Make these two swags separate. Butt them together on the pole. Do not use pipes, do not use returns.

Side Swags - 9279 pattern is used. The high point is 8" higher than the outside ends. Attach the top to the same pole as the middle swags.

Middle Horn - 9247 pattern is used. Attach to the pole separately, overlapping the middle swags.

Jabots and Tails - 9279 pattern is used.

Hardware - The middle swags have no return. Decorative brackets for the pole are needed. Install according to the 9272 pattern. **Sarkis Studio®** Brackets **B1**, Pole **R 146-36**, Finials **F162**, Holdbacks **TB3**. The holdbacks and pole must have the same projection.
